

Echoes and Whispers

-Going Deeper

We could spend a lot of time here thinking about what it means to listen to God or we could just try it and see what happens. For the next week, make this your prayer as you wake up, as you go into each new situation and especially as you sit down to hear from God's Word and to converse with God in prayer. As you are listening, write down what you are hearing. If all goes well, you will probably need more paper.

God, give me eyes to see and ears to hear. Show me what you want to say to me today.

Enjoy!
